This week's speaker: Elizabeth Lee Vliet, M.D. *Preventive and Climacteric Integrative Medicine physician* and CEO of Truth for Health Foundation, presents the "big picture" on how all these different orchestrated medical crises fit into the globalists' plan for the "new world order" via creation of "public health emergencies" that enable WHO to take control of the global response as we experienced with the 2020 Global COVID-19 Pandemic. Most importantly, Dr. Vliet teaches YOU the ACTION STEPS to take now to protect your health and freedom. Topics include:

- Who is at risk?
- What are the symptoms to watch for?
- How do the symptoms overlap?
- What are the common approaches to treatment you can put in place now?
- How to plan your home survival kit.

Dr. Vliet's presentation will be followed by Live Q&A for participants to ask questions.
